# BESO TABLE

designed by Khodi Feiz

Interaction, meeting, conversation and teamwork are indispensable in many activities in the modern working environment. With Beso Table, designed by Khodi Feiz, Artifort meets these requirements. With a wide selection of tabletop options, powder-coat colours for the metal legs and the solid oak beam, this design is simultaneously understated while at the same time stands out.

The construction of the table legs goes inwards, which ensures optimal space for your legs under the table. This means that an extra chair can be placed at the head of the table. The metal legs swing open to the left and right of the beam, so that the construction supports the table well.

## Standard collection or linkable modules

The Beso Table collection consists of a series of round and rectangular tables and a series of linkable modules. The linkable straight, corner and S-modules allow you to create a large table configuration for the modern working environment. Compose easily your desired table shape and add additional accessories.

Beso Table BC 498 x 140 cm  
Modules: BS 160 x 90cm, BBS 90 cm, BEB 160 x 90 cm

The table top is made of plywood with a top layer of oak veneer or laminate Fenix (Arpa). A number of dimensions can be made of solid oak wood or solid core Arpa Fenix.

The edge is always chamfered milled (5 mm), excluding solid core Arpa Fenix.

Plywood, top layer oak veneer | 25 mm

Plywood, top layer laminate Fenix | 25 mm

Solid oak wood | 25 mm

Solid core Arpa Fenix | 12 mm

**Solid oak wood beam**

With a Fenix table top, the oak beam is lacquered in the same colour as the chosen powder coat colour. When choosing a wooden table top, the wooden beam is in the same finish.

**Metal legs**

Powder coat. Available in a range of 33 colours.

## Planning examples with Beso Table

Café

Easily create your project with the Beso Table programme in the 3D software solution pCon planner. An online tool that makes daily work and customer processes run more smoothly. Discover the planning example settings for Hospitality, Social and Collaboration via [www.pcon-catalog.com/artifort/](http://www.pcon-catalog.com/artifort/).

## Beso Table accessories and electrification

Beso Table has electrification solutions and cable management. These utilities for AC, USB and HDMI can optionally be incorporated into the surface. Cables are cleverly stored in a cable net.

**A** | 1x 2 Netbox spots

**B** | 1x 4 Netbox spots

**C** | 2x 2 Netbox spots

**D** | 3x 2 Netbox spots

Add additional accessories such as a tray for Beso Table with a depth size of 120 cm.

L 300 x W 160 cm

Base with rectangular double solid oak wood beam.

Electrification is possible.

Designed to fit perfectly at home or within any project context, including reception areas, conference rooms and quick meeting spaces, the Beso Table programme consists of rectangular and round tables in many different sizes and with myriad finish options.

In addition to the wide choice of standard dimensions, the Beso Table has been expanded with separate modules to offer even more planning solutions for contract environments. Discover the new modules on page 12 and 13.

## Beso Table configurations

The Beso Table collection includes several linkable modules. These modules can be incorporated into a larger configuration. The modules are available in two depths: 120 cm and 90 cm.

The Beso Table modules with a depth of 120 cm can only be configured as a rectangular shape.

The Beso Table modules with a depth of 90 cm includes straight, corner and S-modules. Gain inspiration with the compositions setups below. Other configurations are available on request.

BC 480 x 90 cm  
modules: BS 160x90 cm, BM  
160x90 cm, BE 160x90 cm

BC 600 x 90 cm  
modules: BS 200x90 cm, BM  
200x90 cm, BE 200x90 cm

BC 480 x 120 cm  
modules: BS 160x120 cm, BM  
160x120 cm, BE 160x120 cm

BC 600 x 120 cm  
modules: BS 200x120 cm, BM  
200x120 cm, BE 200x120 cm

BC 573 x 266 cm  
modules: BS 200x90 cm,  
BBD 90x60gr, BMB 200x90 cm,  
BBD 90x60gr, BEB 200x90 cm

BC 393 x 393 cm  
modules: 4x BBD 90x90 cm,  
BMB 200x90 cm

BC 597 x 321cm  
modules: BS 160x90 cm,  
BBD 90x60gr, BMB 200x90 cm,  
BBU 90x60gr, BEB 160x90 cm

BC 498 x 140 cm  
modules: BS 160x90 cm, BBS 90  
cm, BEB 160x90 cm
